Jakarta, 18th July 2025

SUBJECT: PRIMARY GENERAL LETTER (SEM 1 WELCOME)

Dear Primary Parents,

A warm welcome to the Academic Year 2025-26. We are eager to meet the students and begin the new year with excitement and enthusiasm.

Parent Orientation 2025

We extend our gratitude to all parents who attended the Primary Parent Orientation on July 16, 2025. This event provided an opportunity for interaction between parents, teachers, and administrators, familiarising with each other and understanding the school's rules and procedures. Maintaining open and transparent communication is crucial as we collaborate to enhance our children's learning experiences.

Grade 1 Student Orientation 2025

It is a significant milestone for our little ones who have completed their preschool journey and are now ready for formal education. The first day was full of anxiety for the students as well as the parents. We would like to assure parents that our dedicated and caring staff are doing their best to ensure the safety and well-being of our children.

Books and Uniforms

We would like to remind parents to complete the bookstore payment and purchase the uniform as soon as possible to ensure there are no delays in student learning. The Primary classes will begin their lessons from Week 2. If the school is unable to provide the books or the uniform, the students will be excused without any consequences.

What's new?

- Starting this year, Primary Grades 1 and 2 will follow a full English Program (EP), utilising books, resources, and curriculum aligned with the Cambridge Primary framework.
- MGS will use Google Education Plus for all its students. Here are things that you need to know about the Google Education Plus:
 - ***What is Google Education Plus?***

Jl. Tabing Blok B – 16 No. 3 Kec. Sawah Besar

Telp : (62-21) 6542241

Jakarta Pusat 10720 - Indonesia

- It is a learning management system from Google.
- Google Classroom: This is where teachers share homework, give announcements, and put learning materials.
- Teachers can also grade the students' assignments and give quick feedback.
- Gmail: Each student will receive their email account, and these accounts are very private and don't have ads.
- **What are the benefits of Google Classroom?**
 - Students and parents can access the announcements, materials and grades anytime, anywhere with internet.
 - Students learn important skills for the future.
 - AI tools can give extra help for learning.
 - Provides a platform for good communication between the teachers, parents and students.
 - Safe and Private: Google Education Plus protects your child's information. No ads for students.

However, the implementation process includes setting up the platform, training, preparing the infrastructure, and communicating it to the parents. Since this is the first year of implementation, challenges are expected.

Reminders for the upcoming week (21-25 July 2025)

- Student orientation week for Grade 1 to 6 from 21st to 23rd. The school time during these days will be from 7.15 am-12.00 pm.
- The school time on the 24th will be for:
 - Grade 1 and 2: 7.15 am to 1.15 pm
 - Grade 3 to 6: 7.15 am to 1.30 pm
- A Google form for the Extracurricular activities will be sent to students/parents, allowing them to choose one option from the given list.

MGS is dedicated to providing quality education and care. We value parent input and are here to help.

Best regards,

MGS Primary Department
